The Group has zero-tolerance for modern slavery and is fully committed to preventing modern slavery and human trafficking in its Group companies. The Group understands its responsibility to be alert to the risks, however small, in its business and in the wider supply chain. The Group is committed to ensuring there is transparency in its own business and in its approach to tackling modern slavery throughout its supply chains.

Where appropriate, the Group conducts due diligence as part of its initiative to identify and mitigate risk, such as when identifying potential new suppliers and protecting whistle blowers.
